RE: Radiation Survey Request for Drummond/Lakeland Site

Dear Mr. Guthrie:

On behalf of Poseidon Mines, a wholly-owned subsidiary of the Drummond Coal Company, I would like to request that you prepare a radiation survey for our site. We are formulating a development plan for this area and are interested in determining whether or not any significant radiation exists on the site. The information obtained from this survey will assist us in taking proper corrective action should it be necessary.

I am enclosing three (3) sets of drawings of our property and the proposed layout for your use. If you have any questions or need any assistance please do not hesitate to give me a call (phone/646-8698). It would be appreciated if you would send our engineer, Mr. Jim Chastain, P.E., a copy of the results of your survey when completed.

Sincerely,

Mike Yensco
